

DROP IN PRICE

Dealers Are Trying to Unload Potatoes.

ARE 10 CENTS LOWER

Canton People Are Eating All the Eggs Offered and Dealers Refuse to Cut Prices.

Some Canton dealers who are pretty well stocked up with potatoes, fear that they may have a lot left on their hands, and have cut the retail price to 90 cents a bushel. The stock is first quality. At this time of the year, potatoes begin to sprout and get soft and dealers are a little chary about having too many on hand. This will cause a reduction in price. The supply in the country is said to be much larger than was at first supposed and holders are rushing tubers into the market as fast as the trains can haul them, so that there is little danger of any shortage in supply this spring.

In spite of the fact that eggs are coming forward freely, the price still holds up to 25 cents a dozen Monday morning. Cantonians are eating all that are offered at that price, apparently trying to make up for lost time. As a consequence, dealers are slow to cut the rates. They pay 20 cents a dozen.

STOCK GAMBLING.

Illinois Law Against It Upheld By the United States Supreme Court.

(News-Democrat Leased Wire Service.) Washington, March 3.—The United States supreme court today affirmed the judgment of the supreme court of Illinois in the case of Alfred V. Booth vs. the state of Illinois.

Booth was arrested under the state statute making it a crime to deal in futures on the stock market.

Today's decision upholds the constitutionality of the statute in question.

Kindly take notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren Street, New York.

A Safe Cure for Headache.

Have you ever felt depressed after taking a Headache Remedy, and do you know that if it contained a Heart Tonic it would cure without that depression? Clinie Headache Waters are a Heart Tonic, never depress, never fail, best and safest cure in the world. Easily taken. Absolutely harmless. 10 cents all druggists.

GREAT DAMAGE IN RIVER TOWNS

Water Receding From Homes and Factories—Many People in Distress.

(Staff Special.) East Liverpool, March 3.—The Ohio river is receding at the rate of 3 inches an hour today, the stage at noon being 35 feet. Sunday the city water supply was shut off, the water reaching the fire boxes in the engine room of the pump house and drowning out the fire. Pumping was resumed again this morning.

All of the potteries along the river are flooded and idle. The damage will run into the hundreds of thousands though they were flooded but a brief period of time. Only in the lower section of the west side were houses flooded. Suffering will be comparatively small in this respect.

In Wellsville it is estimated that two hundred families have been driven from their homes while New Cumberland and Empira are both suffering in this respect. The Chelsea potteries at New Cumberland are flooded and idle. Toronto, Ohio, escaped completely. Congo and Chester, W. Va., both escaped, but Beaver, Beaver Falls, Bridgewater and New Brighton Pa., are all more or less affected. All these towns have been in darkness through the flooding of the electric light plants.

The present cold weather will hurry the fall of the stream, which will probably recede as rapidly as it came up.

4,000 ARE IDLE.

Stuebenville Is in Bad Shape.

Stuebenville, March 3.—The river began to fall at 4 p. m. Sunday, having reached a stage of forty-one feet nine inches. The C. & P. railroad station buildings are flooded, also houses on Water street. The C. & P. and W. & L. E. railroads are under water, and traffic is suspended. At Mingo Junction, fifty houses are flooded and one man was reported drowned. The National Steel company plants at Mingo and three mills here are off and 4,000 men are idle in consequence.

TO SINK WELLS

Water Trustees Ask For \$100,000.

Council will be asked on Monday night to authorize the election board to place on the ballots at the spring election the question of a \$100,000 bond issue for the purpose of improving the water works supply. The water works trustees have filed a communication with the city clerk asking that council take this action.

Louis B. Ohliger, superintendent of the water works, said if the bond issue is allowed by the people the money will be used for the purpose of drilling more wells in the Union dam property to secure a pure water supply. The trustees contemplate sinking 20 wells, which it is estimated would yield a supply of pure water of 5,000,000 gallons daily.

The department now has seven wells and the water works is supplied 4,000,000 gallons daily from all the sources of supply. With the improvements it is thought that all sources except the wells could be abandoned or used only as a reserve.

The money realized from the bond issue would be used to drill the wells and connect them with proper mains and supplying pipes. The bond issue will require a two-thirds vote.

Following is the communication which will be read before council Monday evening:

"Gentlemen: The board of water works trustees, having purchased the old Union dam property, desire to utilize the well water contained therein.

"The board is so situated not to be in a position to make these permanent improvements without a bond issue, as we are at present carrying the balance of the loan for the Lake street main, and it requires practically all the revenues of this department to make the necessary extensions and operate the plant under the present temporary plan.

"The board requests your honorable body to adopt the necessary legislation for submission to a vote of the citizens of a bond issue of \$100,000, to be applied as for the purchase of the Union dam site, \$18,000; for 30-inch main and wells from south line of Union dam property to the pumping station, \$45,000; for additional right of way, lowering the machinery and repairing the pumping station, \$19,000; payment of balance due banks on Lake street main loan, \$18,000.

"DECLARES IT A NECESSITY.

"The board believes that it is absolutely necessary that this work should be done. Our experience during the past year has been that it will be impossible to continue to furnish the city's present patrons and the increased number of consumers the necessary amount of water, as we have drawn from all available resources and find the supply inadequate. We believe that by concentrating the expense of operating at one plant, and utilizing the evident large supply in the proposed territory, there will be sufficient to furnish the entire city with pure water.

"We trust your honorable body will co-operate with us, so that the above mentioned bond issue may be promptly submitted at the election to be held April 7, 1922.

"Respectfully submitted,

"JOSEPH DICK,

"M. A. HOGAN,

"CHARLES BROWN,

"Trustees."

WOMEN DONATED

Contents of Lodge Treasury to McKinley Fund—Club Organized Six Years Ago.

The Woman's McKinley club held a meeting on Saturday afternoon in the assembly room of the city hall. It was decided to turn the money, which has been in the treasury for six years, over to the McKinley Memorial association. The treasurer of the club reported that the treasury contained \$67, which was left from the sale of badges during the campaign in 1896.

It was decided at the meeting that the club should not go out of existence at present, as it is possible that it may participate in the dedication ceremonies of the McKinley memorial.

CHICAGO.—Jury in the case of Dr. Orville Burnett, accused of the murder of Charlotte Nichol, of Nashville, returned a verdict of guilty with a recommendation for life imprisonment. Burnett is the dentist who has proven to have been Mrs. Nichol's accessory in suicide.

ROME.—Italy is confronted with a cabinet crisis. Taxation and labor are the problems, and Socialists are taking advantage of the situation.
